Foraging Facts

Name: _____

This handout is designed to be used with the Big History Project (BHP) article on Foraging by Cynthia Stokes Brown. Consider these statements as you read the article, and forage through the text to determine if each statement is true or false, and why. Each question is worth 3 points; 1 for the correct answer and 2 for reasoning.

1. Foraging only means gathering food off of the ground. (3) T F

2. Humans are the only animals who forage. (3) T F

3. Cooking food lowers its nutritional value. (3) T F

4. Most foragers have to move frequently. (3) T F

5. Humans formed large (100+) groups to gather more resources. (3) T F

6. Foraging groups were highly competitive, and sharing was rare. (3) T F

7. Foraging took up most of the day, so there was little time for leisure. (3) T F

8. No modern human foragers remain today. (3) T F

9. Foraging humans do not significantly impact their environments. (3) T F
